About This Content

The Bidye Traction Railroad is a short line electric traction model railroad serving several inter-dependent industries.

The industries served by the railroad include:

- Lumber mill

- Furniture factory

- Grain mill

- Commercial bakery

- A paint and solvent factory

- A metal can and container factory

- A coal fired electricity plant

The lumber mill, as an example, produces timber for the furniture works, and crates and pallets for the bakery, the metal can factory and the paint factory. Some of the metal cans are used by the paint factory. Milled grains are used by the bakery.

Sessions Include:

- Quick Drive – Choose your own train to drive

- An Explorer

- Easy Street

- Freight Train Arrival

- Steam Shift

- Twas a Dark

- Unstructured Multiplayer
